

## CHUTTER UNDERWRITING SERVICES IS NOW OFFERING FARM INSURANCE

We are very excited to announce that we now have a facility to insure Commercial Farms and Hobby Farms including buildings, contents, mobile equipment, inventory, liability insurance and equipment breakdown. The market that we have partnered with for this coverage is Mutual Fire Insurance.

In order to provide coverage, we will require a full and complete underwriting submission. Please download the appropriate application from our website and complete it. Our applications can be found online at: [chutteruw.com/applications](http://chutteruw.com/applications)

Provided we receive all information we will be able to turn around quotes very quickly. In addition to the completed application, we will require current photos of all buildings, a completed evaluator for each dwelling and a site plan showing all buildings and the distances between them.

### TARGET MARKETS

- Poultry
- Dairy
- Grain
- Fruit and Vegetable
- Ranch
- Orchards
- Mixed Farming

### UNACCEPTABLE RISKS

- Aquaculture, fish farms
- Cannabis farms, or licensed cannabis grow facilities
- Mushroom farms
- Rented farms
- Stand alone rented dwellings
- Wineries and wine producers

Excellent capacity available which is dependent on the risk.  
Submissions should be sent to [commercialproperty@chutteruw.com](mailto:commercialproperty@chutteruw.com)
