Builders Risk Application

This application is not intended to restrict or limit in any way a complete and full declaration of all information. All questions must be answered completely. Please do not leave any question unanswered. If the space provided is insufficient please attach details on a separate sheet, although fields will expand for certain questions. Use Tab to navigate cells and Enter within cells.

Builders Risk & Wrap-Up Liability Application

Special Note

Each construction project presents unique exposures. Detailed information and submission of all documents/plans requested increases our efficiency and results in the most favourable terms. When available, provide:

- ◆ Breakdown of Values for the various structures and types of work
- ◆ Site Plan indicating distance, construction, and occupancy of exposures
- ◆ Schedule of Construction
- ◆ Summary and Recommendations from the Geotechnical Report
- ◆ Marketing Material

General Information

1. Name:

Address:

2. Name of Project:

3. Address/Location of Project:

4. Description of Project:

5. Project Participants (Names):

Owner:

Project/Construction Manager/Contractor:

Prime Architectural/Engineering Consultant:

Geotechnical Engineer:

6. Construction Period: From: To:

7. Construction Data:

Height of Structure: Number of Stories Below Grade: Number of Feet or Metres Below Grade:

Number of Stories Above Grade: Number of Feet or Metres Above Grade:

Builders Risk & Wrap-Up Liability Applications – Continued

Total Area (sq. feet or sq. metres):

Number of Buildings: (If more than 1 building, Site Plan Included?)

Construction Materials:

Framework:

Exterior Walls:

Roof: Structure: Covering:

Floors: Structure: Covering:

8. Adjacent Structures: Type of Construction Occupancy Distance

North

East

South

West

9. Is Site Fenced? Yes No If Yes, describe height and type:

Watchman Services? Yes No If Yes, describe hours/rounds:

Alarm? Intrusion Fire/Smoke Alarm Sounds to:

10. Neighbourhood (describe):

11. Subsurface Operations: Describe nature, duration, value, and relationship to both the project and to adjacent structures:

Blasting:

Shoring:

Pile Driving:

Underpinning:

12. Is this a fast track project? Yes No If Yes, detail experience with similar projects:

13. List Project Manager's/General Contractor's five (5) largest projects in the past five (5) years:

Name	Type	Location	Value (\$100,000's)
------	------	----------	---------------------

Builders Risk & Wrap-Up Liability Applications – Continued

Wrap-Up Liability

1. a) Does the project attach to or communicate with an existing structure? Yes No
If Yes, manner in which structures will connect or communicate:
b) Occupancy of existing structure during construction:
c) Business interruption/loss of use for damages to existing structure:
d) Is coverage required for damage to existing structure? Yes No

2. If any portion of the project will be occupied prior to completion, provide details (period, extent, and nature of occupancy):

3. Detail the exposures to the property (other than the project) resulting from demolition, blasting, pile driving, shoring, underpinning:

4. Detail exposures to utilities, including relocation thereof both below and above grade:

5. Will construction operations be performed in compliance with geotechnical recommendations:
Yes No With Modification, provide details:

6. If summary of geotechnical report is not attached, describe soil conditions:

7. Describe any off-site operations or locations which require insurance:

Builders Risk

1. Total Estimated Project Value: \$ (Attach breakdown if available)

Hard Costs: \$ (Labour, materials, professional fees to enter into and form part of the project.)
Soft Costs: \$ (Finance costs, additional interest, leasing & marketing expenses, legal and accounting \ expense, architects, and engineering fees and other carrying costs.)

Delayed Opening \$

2. Other Property to be Insured: \$
If coverage is required to existing structure, equipment to be furnished by the owner, etc., detail age, construction, condition, and occupancy of such property:

3. List off-site locations and maximum value at each:

Builders Risk & Wrap-Up Liability Applications – Continued

4. Transit: List key items (individual items over \$100,000 value) point of origin, location where insured accepts responsibility (F.O.B.)

5. Testing:
- a) Who will perform testing operations?
 - b) Describe operations involved in testing and commissioning:
 - c) Will project involve installation of any used equipment? Yes No

6. Location Information:

- a) Distance to nearest Fire Department:
- b) Name of City or Town providing protection:
- c) Number of operational hydrants within 1,000 ft.:
- d) Describe access roads:
- e) Describe private fire protection:
- f) Will the project be sprinklered? Yes No
If Yes, at which time will the sprinkler system be in operation?

7. a) Nearest body of water: Name: _____ Distance: _____
b) Past flood history at site:

8. Site Risks – Detail exposures from:

- a) Winter heating conditions (type of heaters):
- b) Explosion (detail use of any highly flammable or explosive materials to be present on site):
- c) Hot work operations (detail precautionary measures):

It is understood and agreed that the completion of this application does not bind the insurers to sell, nor does it obligate the applicant to purchase the insurance.
